

第十三届机器学习及其应用研讨会

MLA'15, 2015.11.7-8, 南京

Special Session:

Top Conferences Review (TCR)

Why TCR ?

- ❑ Top conferences are very important for CS
- ❑ Most graduate students and junior faculties have limited chance to attend top conferences
- ❑ **1st edition in MLA'07**; very positive feedback from audience
- ❑ The conferences are selected based on whether can we get adequate speakers
- ❑ Speakers are encouraged to share personal comments, might be somewhat sensitive; the slides won't be put onto web. So, **TCR is a bonus to attendees**
